- Understand the deeper connection to the 5 Dimensional Crystalline Circuitry System
- Align the Axiatonal connections through the use of harmonics of colour and sound
- Learn the secrets of key sonic frequencies of the pyramids to reprogram the body
- Integrate the Bio-Crystalline levels into Crystalline Circuitry and the Light Body
- Develop the Crystalline Circuitry and its connection to the energy centers know as the chakras.

-Align the connection to the earth's grid and higher star grids.

-Be able to attune individual crystals' within the body and how to make elixirs to energise the body, mind and spirit

Overview:

This crystalline-light body is connected with what the ancients called the Urim and Thummin [Lights and Charged Powers] which are composed of etheric interdimensional crystals and superluminal energy pattern which functions together to provide the human physical body with the etheric energy it requires. This energy then feeds the meridian and chakra system with higher spiritual acoustic light.

SACRED RESONANCE: Darren has honours in Music Technology <sound healing> from University Adelaide and with Bradley Pitt have produced 3 CD's and 2 DVD's. Their work involves the latest discoveries in musicology, archeoacoustics, brain -body entrainment with the consciousness sciences, for a fresh experience of colour, vision and music being unified. They work in collaboration with leaders in the arts and sciences and are experts' in sonic-visual immersive experience through new media - through full dome and real time sacred visuals, pictographic forms fused with bio-feedback.
